

DIGITAL CONTROL SYSTEMS

MISSION STATEMENT

By providing the finest and most cost effective products, together with the skills and dedication of our staff our success will be assured.

ABOUT US

DCS is a Durban based company specializing in the design and installation of advanced video surveillance systems. DCS was established in 1999 and has always been at the forefront of technology and specialised system development.

OUR COMMITMENT

DCS believes in the fundamental principles of Excellence, integrity, and vision ensuring that we conduct our business ethically and with our customer's best interests in mind.

OUR AIM

To widen the gap between competitor's and our products in respect of price performance ratio, and to always bring advanced system technologies to SA markets, ensuring we remain your profit watch dog.

OUR FUTURE

Realising the benefits of referral business, our desire is in building long-term client relationships, thereby guaranteeing our future growth and success.

SUPPORT

With our national footprint we will ensure both technical and sales support to all our customers.

We have an affiliation and partnership with Wright Surveillance, insuring national technical support and maintenance of the highest calibre, including off site monitoring.

We are also partnered with Malendela Security. A leading name in the security industry.

Both Wright Surveillance and Malendela being **BBBEE** rated.

RETURN ON INVESTMENT

Reducing shrinkage and improving productivity is our aim thus maximizing your profits guaranteeing you a sound return on your investment with us.
